EXPERIENCE

Hussain Tech Labz, Lahore
Graphic Designer & Web Developer

◾ July 2024 - Present

My roles and responsibility:

At **Hussain Tech Labz**, I worked as a **WordPress Developer** and **Graphic Designer**, where I developed and customized responsive websites using **WordPress, HTML, CSS,** and basic **JavaScript**. I designed themes, page layouts, and visual assets that aligned with client branding. My role also involved creating graphics for web and social media, ensuring a consistent and professional visual presence across all platforms.

Multan Carpet Industries, Multan
Graphic Designer & Web Developer

◾ September 2022 - April 2024

My roles and responsibility:

At **Multan Carpet Industries**, Multan, I served as a **WordPress Developer** and **Graphic Designer**, where I was responsible for **designing** and **maintaining** the company's website using **WordPress**, along with creating visually appealing graphics for **digital** and **print media**. I customized WordPress themes, managed content updates, and ensured responsive design while also producing marketing materials such as banners, brochures, and social media creatives to support the brand's identity.

Altman Business Company, USA
Graphic Designer & Web Developer

◾ January 2021 - August 2023   💻 **Remote**

My roles and responsibility:

At **Altman Business Company**, USA, I worked remotely as a **WordPress Developer** and **Graphic Designer**, where I developed and customized responsive websites using WordPress and Elementor. I created clean, user-friendly interfaces based on client requirements and designed engaging visuals for digital marketing, including banners, ads, and social media graphics. My work contributed to enhancing the company's online presence and brand identity across various platforms.

PROTECT IT ZONE Software, Multan
Graphic Designer

◾ January 2020 - December 2020

My roles and responsibility:

At PROTECT IT ZONE Software, Multan, I worked as a **Graphic Designer** where I was responsible for **creating visual content** for software interfaces, social media, and marketing campaigns. My role involved designing logos, UI assets, promotional banners, and brand materials that aligned with the company's visual identity and digital goals.

Skill Technologies inc, Multan
Web Developer

◾ Februray 2017 - december 2019

My roles and responsibility:

At **Skill Technologies Inc.**, Multan, I worked as a **Web Developer**, where I developed **responsive websites** using **WordPress, Elementor,** and custom **HTML/CSS**. My responsibilities included creating user-friendly, visually appealing digital solutions aligned with client branding and functional needs. I collaborated closely with clients to ensure high-quality web development tailored to their objectives.

National Vocational & Technical Training Commission (NAVTTC)

Graphic Design and Video Editing Instructor

◾ April 2025 - Continuous

My roles and responsibility:

At the National Vocational & Technical Training Commission (NAVTTC), I worked as a Graphic Designer and Video Editor, where I created visual content for training materials, social media, and institutional branding. My responsibilities included designing banners, posters, and digital layouts, as well as editing promotional and educational videos using Adobe Premiere Pro and After Effects to support the organization's outreach and training initiatives.
